FINANCIAL AID POLICY

It is the policy of the New Jersey State Children's Chorus that every child should have an opportunity to sing, regardless of the family's financial situation. It is also the policy of NJSCC that every family should pay some amount, no matter how small, for chorus membership.

With this in mind, NJSCC offers financial aid only for tuition, based on financial need. Once a child has been accepted into the chorus and completed the registration process, a family may apply for financial aid by completing the FACTS Financial Aid application and financial summary and providing the documentation required. FACTS takes great care to ensure that the information supplied is secure and will remain private and NJSCC will keep all information confidential and use it only for the purpose of determining financial need. There is a \$30 application fee to apply for financial aid.

FACTS will compile the information and provide NJSCC with an estimate of financial need. The NJSCC Financial Aid Committee will award aid based on need and funds available. Awards will be made in the order that applications are received and families will be notified within two weeks of NJSCC receiving the analysis from FACTS.

Financial aid amounts will be automatically credited to the family's FACTS account, distributed equally over the payment plan chosen.

Because financial situations change, families must apply annually for financial aid.
